Summary: Current law regulates real property acquired and operated by the state as wildlife management areas, and requires the Department of Fish and Wildlife, when income is directly derived from that real property, as provided, to annually pay to the county in which the property is located an amount equal to the county taxes levied upon the property at the time it was transferred to the state. Current law further requires the department to pay the assessments levied upon the property by any irrigation, drainage, or reclamation district, and requires all of those payments to be made from funds available to the department. This bill would authorize, instead of require, the department to make these payments and only from funds appropriated to the department for those purposes.

Summary: Would require an organization that provides representation to public employees in labor

negotiations with a state or local public employer to place an itemized version of its budget on its Internet Web site and to provide each member of the organization easy access to it. The bill would require the budget to be updated on an ongoing basis. The bill would also require a public employee organization to provide its members a means of asking questions about financial issues related to the organization and would grant members the right to receive responses to their questions, in writing if requested, within a reasonable time.
