Summary: Current law generally prohibits an employer from paying an employee at wage rates less than the rates paid to employees of the opposite sex in the same establishment for equal work on jobs the performance of which requires equal skill, effort, and responsibility, and which are performed under similar working conditions. Current law establishes exceptions to that prohibition, including, among others, where the payment is made based on any bona fide factor other than sex, such as education, training, or experience. This bill would specify that prior salary cannot, by itself, justify any disparity in compensation under the bona fide factor exception to the above prohibition. This bill would, until January 1, 2018, and upon appropriation for this purpose, provide for similar state allocations with respect to property tax revenue reductions resulting from a reassessment for damages incurred within the County of Calaveras, which was declared by the Governor to be in a state of emergency due to the wildfires that occurred on and after September 9, 2015.

Summary: Senate Constitutional Amendment 5 of the 2015-16 Regular Session, if approved by the voters, commencing on the lien date for the 2018-19 fiscal year, would require the full cash value of commercial and industrial property to be the fair market value of that property as of the lien date, and would require the Legislature to enact legislation to phase in the reassessment of commercial and industrial property as so described in order to ensure a reasonable workload and implementation period for county assessors and taxpayers. This bill, pursuant to that constitutional requirement, for the 2018-19 fiscal year, would require only 50% of those properties that have not been reassessed at fair market value, as specified, to be assessed at fair market value, and by the 2019-20 fiscal year, would require all other properties that have not been brought to fair market value to be assessed at fair market value.
